## **Stokesley Business to Expand**

Increasing sales at home and abroad has led Ecosyl Products Ltd to further expand its logistic support facilities at its base in North Yorkshire. Ecosyl Products and its retail division - Rosebeck Services - have seen significant growth in agricultural business over the last few years which has led to its continuing development.

Ecosyl Products Ltd sells a range of bacterial inoculants to farmers in 20 different countries. These improve silage quality and lead to better animal performance. Rosebeck Services sells a range of hygiene products direct to dairy customers. The company has its corporate headquarters in Stokesley.

Dr Andy Beardsmore – Ecosyl's managing director said "Despite difficult times, our continuing focus on quality, delivery and customer service seems to strike a chord with our customers. With increasing sales we have doubled our efforts to ensure that all our products meet our customer's demands and this has led to an increase in the number of staff and the expansion of our premises."

He added "New products have been added to the range sold by Rosebeck Services. These have been particularly well received by our customers and we want to ensure that this part of the business continues to grow actively. In addition, core sales of the Ecosyl range have been developing rapidly in Europe. This expansion is the next step in the strategic growth of our business."
